

May 19, 2022

Dear Parishioners & Friends,

I am writing today to share news about two significant projects that Assumption is planning which will strengthen our parish and enhance our beautiful campus. Past generations have left us with so much and today we have an opportunity to make a similar contribution.

The enclosed information talks about these opportunities: retaining and expanding adjacent parking and restoring our historic school building. The costs are not insignificant. However, we have a rare opportunity to purchase adjacent property, *and* to provide for much needed space through better use of a building already on campus. Parish leadership believes this is the time to make these projects happen.

The information sheet includes an estimated cost of both projects, which is \$5.9 million. From initial donor and parish commitments, we have \$2 million set aside for these projects. Through a capital campaign we hope to raise the remainder of the costs – or nearly \$4 million.

Now we need to hear from you as your input is valued. You are encouraged to share your feedback through a parish-wide survey. This survey can be accessed via the parish website at [www.assumptionsp.org](http://www.assumptionsp.org). You are an important part of our parish community and now you can help us not only better meet current needs, but also shape our future.

A few notes about the survey:

- Only one person per household should complete the survey.
- The survey will be live from May 21-June 1.
- A paper copy of the survey can be mailed to those parishioners without online access. Please contact the parish office (651-224-7536).

We have much to be grateful for at Assumption and are excited to expand on all that has come before us.

Sincerely,

Fr. Paul Treacy  
Pastor
